To maintain and lengthen the life of this product, we recommend the following regime:

- Kettler furniture is designed to be left outdoors all year round (excluding cushions).
- We recommend our weatherproof cushions are covered when not in use in order to use immediately. If the cushions get wet from a shower, they will take approx. 20 minutes – 2 hours to fully dry. We recommend storing in a dry ambient temperature during winter months.
- Kettler cushions are not suitable for dry cleaning and are not machine washable. Sponge clean only. We recommend the use of the Kettler fabric care kit to clean and protect your cushions. This is available to purchase from the Kettler website.
- The rope can be cleaned using the Kettler Fabric care kit. The aluminium frame can be cleaned with warm soapy water avoiding any harsh chemicals or the Kettler Multi-surface cleaner.
- Remove dust regularly with a clean soft brush and wipe down with a clean damp cloth.
- For tables - Use pads, mats and coasters under plates, glasses cups etc to protect them from scratches, spills, stains and heat damage. Wipe spills immediately to prevent staining.
- Tree sap and bird droppings should be cleaned off immediately with warm soapy water.
- The Kettler after-care range available is available to purchase from the Kettler website: www.kettler.co.uk
- Moving parts such as locking mechanisms, catches and joints need to be lubricated where necessary.
- Kettler furniture can be covered – we recommend that you use Kettler tailored covers (where available) or universal breathable covers.
- This product is 100% recyclable. At the end of the products life, please dispose of responsibly.
- Colours may vary slightly
